Professional experience

Experience by departments

IT Software : **3 months**

Automation: **8 months**

Apr 2023 - Jun 2023

3 months

Software Developer - SC Argon Solutions S.R.L

Targu-Mures | IT Software | IT / Telecom

I have successfully developed the "Invoice Management" application using the Creatio platform, streamlining invoice tracking and management. This efficient solution improved accounting processes and contributed to optimizing the organization's financial operations.

Acquired skills and competencies:

MySQL, JavaScript, Microsoft SQL, GIT, c sharp, creatio, net, docker

Jun 2020 - Jan 2021

8 months

Tehnician in electrical systems - HVAC&R Consulting

Iernut | Automation | Energy

Acquired skills and competencies:

AutoCAD, Microsoft Office, microsoft word, Camtasia Studio

Education

2021 - present

Bachelor's degree - UMFST G.E. Palade Târgu Mureş

Throughout my studies at UMFST in the field of Energetics and Information Technology, I have acquired a solid foundation in programming and computer science. I have explored subjects such as Artificial Intelligence, which acquainted me with key concepts in machine learning and data understanding. In the Programming 1 and 2 courses, I developed essential skills in various programming languages, learning to create complex software applications. I applied this knowledge in Applied Informatics projects, where I developed practical solutions for real-world problems. I also got into Matlab, gaining expertise in data analysis and simulation. Additionally, I learned Web Technologies, acquiring skills in developing modern web applications using HTML, CSS, JavaScript. The Data Structures and Algorithms courses prepared me to create efficient solutions for complex problems. Overall, my university experience has equipped me with a diverse set of competencies in computer science and programming, preparing me for future challenges and opportunities.

2021 - 2021

Undergraduate - Azimut Vision

Designer Pagini Web | Remote (from home)

2004 - 2009

High School / Vocational school - Gr.Sc.Traian Vuia, Targu Mures

Tehnician in electric systems | Targu-Mures

Skills

General skills

hardware and software debugging, software installation, Camtasia Studio, AutoCAD, microsoft excel, Microsoft Office, front-end, react, git/github

Foreign languages

English: Advanced
